

JOYNEWS: FEEL GOOD ABOUT THE NEWS

VALKYRIE

We live in a crazy world.

MEG

YUP.

VALKYRIE

Every day we're inundated with
awful news. War. Climate change.

MEG

A sentient orange with access to
nuclear codes.

VALKYRIE

Exactly. How do we cope with the
madness that surrounds us?

MEG

We build a bunker and communicate
only by raven.

VALKYRIE

How many times have you read the
news and been like *sigh* "Fuck.
Me."

MEG

So we're just going to ignore my
thing, or...

VALKYRIE

Well... now you can.

MEG

I'm sorry?

VALKYRIE

Joynews is a way to feel good about
the news-- even when it's terrible.

MEG

Is it a way to censor the news so
you only read happy stories you
like?

VALKYRIE

No, even better.

REVEALS THE PRODUCT

(CONTINUED)

VALKYRIE CONT.

It's a vibrator.

MEG

My. God. This is my dream... and my nightmare.

VALKYRIE

Joynews reads your face as you read news stories, and creates a custom vibration based on your reactions.

MEG

Like a mood ring... but way, way better.

VALKYRIE

Let's give it a whirl.

First news story: Bald Eagles stuck in a sewer on election day

VALKYRIE CONT.

How do you feel?

MEG

A bald eagle stuck in a sewer? That's such a sad metaphor for the state of the US.

VALKYRIE

Yes but WHAT do you feel?

MEG

There's a low hum... like a soft soothing buzz. It's like a lullaby... for my junk.

VALKYRIE

Let's try another one!

Second news story: Polish Foreign Minister

MEG

Holy dang! A foreign minister making up a country! That's surprising.

VALKYRIE

How do you feel?

(CONTINUED)

MEG

It's a series of short, shocking bursts!

VALKYRIE

Everyone loves a surprise orgasm.

Third News Story: Trump is a racist or whatever

MEG

I swear to god this man was summoned from the briny deep. He's the harbinger of the apocalypse. He's... woah.

VALKYRIE

Feels good to get mad, eh.

MEG

This thing is seriously hate-buzzing the shit out of my hand right now.

Fourth News Story: LOL'ing in space

MEG

How lovely! This gives me hope and joy and... wait, the dildo isn't buzzing.

VALKYRIE

JoyNews recognizes that you're happy! You're pleased enough that you don't need to get off.

MEG

It's almost as though if you have joy in your heart, you don't need a shock in the nards.

VALKYRIE

Exactly.

MEG

How does this baby work?

VALKYRIE

Our crack team of designers figured out the perfect size of ding dong that will please both lady bits, and butt nubbins.

MEG

Wow. Dick math.

VALKYRIE

And with face emotion technology, JoyNews tailors your reactions to the type of orgasm you should be having.

SHOW SLIDE WITH MOVING DILDO MODEL

MEG

This adds a whole new meaning to turn that frown upside down.

VALKYRIE

Now, you don't just need to use JoyNews to make yourself feel better about how awful the world is.

MEG

Oh no?

VALKYRIE

Imagine you have a friend. A lover. You like each other but you do not agree on everything. You send them an article that you know will make them real mad. You tell them to "sit on it for a while".

MEG

What a great way to make the left/right divide COME TOGETHER.

VALKYRIE

Right! And eventually, over time, you'll train them to associate news that makes them angry with a screaming orgasm.

MEG

How Pavlovian.

VALKYRIE

That's one way to ring a bell.
HEY-YO!

MEG

You're a demon wizard and I love you.
